The materials from Ortho-Reha Neuhof GmbH are suitable for use as starting materials in medical products, taking into account the instructions for use. We are not aware of any events that would indicate an unacceptable risk when using these substances in medical products.

You can request a corresponding list of the tests carried out for each product purchased from us at <https://www.ortho-reha-neuhof.de/mdr-konformitaetserklaerung/>. Here you can also find the current safety data sheets and declarations of conformity for our products.
